### Principal's Message :

I feel great joy to hand over the current issue of Akashganga, the college quarterly bulletin which is the mirror of the college, reflecting various activities the college organizes, performance of students and faculty.

I wish the bulletin will help motivate stake holders to lead the college on the path of glorious bench marks.

### Editorial :

Being under the tentacles of circumstances, AKASHGANGA had been in oblivion for the last four years. How painful it is to say that the flowers and fruits of our students and staff members' efforts went unnoticed, unappreciated and uncheered, just like blossoms that bloom in land beyond human access! It is very true that non-appreciation has always been discouraging and uncheerful.

Unlike the pessimist who sees difficulty in every opportunity, we must be an optimist and try to see opportunity in every difficulty. Moreover, we must have a mind to set high standards by refusing tolerance for mediocrity or poor performance. Hence, I am greatly glad to handover the first volume of our college bulletin which is having tested testimonies that students as well as the staff members of our institution have been active in their respective pursuits. Hope you would appreciate and cheer them up.
