# Policy Document on Environment and Energy Usage

**The Environment and Energy Usage Policy** of Nabira Mahavidyalaya, Katol aims to manage energy in such a way that its environmental impact is minimized. The policy calls for the exploration of renewable energy resources in order to lessen the government's burden and to identify sustainable energy resources as answers to the energy crisis. This environment and energy policy is mandatory on all works of the institution and applies to all stakeholders. It will assist us in incorporating efficiency and environmental consciousness into our daily actions, allowing us to recognize our obligations and dedication to natural resource conservation and utilization.

For this purpose the college has constituted the Green audit Committee and campus beautification Committee, which are dedicated to strengthen eco-green consciousness among the stake holders of the institution. The committee ensures strict adherence to 3Rs (Reduce, Reuse and Recycle) to minimize generation of waste in the campus. Further the institution has been committed for implementing green literacy program in order to conserve energy and safeguard the environment.

**Policies:**

- I. To provide a clean and green environment in and around the campus, it has been decided to take sustainable initiatives for environmental protection and efficient energy usage.
- II. To reduce electricity consumption -Awareness should be given to the staff and students regarding the energy wastage.
- III. To install solar panels in the roof - top areas for the generation of alternate energy.
- IV. To install LED bulbs in the complete campus to save energy.
- V. To develop systematic waste management system.
- VI. To install rain water harvesting unit.
- VII. To undertake tree plantation drive.
- VIII. To take additional measures to continuously improve our energy consumption.
- IX. To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets.
- X. To ensure the availability of necessary resources to achieve our objectives.
